& connection PARTNERSHIP

Door de positieve reacties hebben we ook de nieuwe catalogus 2020-2021 in magazine style doorgezet. Nieuwe kleurstellingen in bijvoorbeeld warme tinten, aangevuld met trendy designs geven de doorslag voor de komende seizoenen. Connectie met huidige trends in het interieur en woonbeleving zijn essentieel geweest in onze keuzes hiervan. Een revival van natuurlijke materialen en designs zal de consument kunnen waarderen met het oog op duurzaamheid en uitstraling. Daarnaast zijn door onze ontwikkelingen nieuwe oplossingen ontstaan met een verrassend effect op onder andere uitstraling en ecologische footprint.

Met al onze medewerkers zijn we samen met onze klanten dagelijks bezig om als één team de markt op de beste manier te bedienen. Dit waardevolle partnership zorgt ervoor dat u als klant gehoord wordt en de beste oplossing kan bieden.

Aufgrund der positiven Reaktionen haben wir auch den neuen Katalog 2020-2021 im Magazinstil weiter ausgebaut. Neue Farbvarianten, z.B. in warmen Tönen, ergänzt durch trendige Designs, sind die entscheidenden Elemente für die kommenden Saisons. Die Verbindung mit aktuellen Trends in der Inneneinrichtung und im Wohnerlebnis war für uns von entscheidender Bedeutung. Eine Revival von natürlichen Materialien und Designs wird von den Verbrauchern im Interesse von Nachhaltigkeit und Ästhetik geschätzt. Darüber hinaus haben unsere Entwicklungen neue Lösungen geschaffen, die unter anderem das Image und den ökologischen Fußabdruck überraschend beeinflussen. Gemeinsam mit allen unseren Mitarbeitern arbeiten wir täglich mit unseren Kunden zusammen, um den Markt als ein Team bestmöglich zu bedienen. Diese wertvolle Partnerschaft sorgt dafür, dass Sie als Kunde gehört werden und die beste Lösung anbieten können.

Thanks to the positive reactions, we also maintained the new catalogue 2020-2021 in magazine style. New colour choices in, for example warm tones, complemented by trendy designs, are key for the coming seasons. Connection with current trends in the interior and living space experience have been essential in our choices. A revival of natural materials and designs will be appreciated by consumers with a focus on sustainability and character.

In addition, our developments have created new solutions with a refreshing effect on, for example, aesthetics and ecological footprint.

Together with all our staff we are working every day with our customers as one team to ensure that we serve the market in the best possible way. This valuable partnership ensures that you as a customer are understood and can offer the best solution.
